Committee Discussion:

Inclusion - The Inclusion Committee is still working on a booklet with MQP service offerings and family resources

Marketing – The marketing committee has been waiting to meet (some members have been out of town).

Security – The Security committee will be meeting in November. Building Exit plans will be the focus of this meeting, with reviewing other safety plans.

Middle school – The Middle School committee has assembled with parents and BOE members. Teachers and faculty are going to be added soon. The Middle School Committee will look at possibly planning an informational night for Middle School parents.

School Improvement Process: The archdiocese is not doing any school improvement plans this year because of All Things New. Ms. Smith would like to continue updating policies to prepare for when this continues.

Principal Update: 2nd graders are preparing for First Reconciliation next week. Parent-teacher conferences were well attended. There was some question regarding parents requesting to meet with all teachers, not just Homeroom teachers. Parents are always encouraged to set up additional meetings as needed/desired with Teachers, which can be any time of year.

Pastor Update:

Father Craig brought up the message from All Things New that the school decision has been postponed. On the parish level, the next step is to submit feedback by Dec 21 from listening sessions and gathered feedback. Archdiocese permitted us to make various building improvements for the school and the church.

Bylaws and Policies

A discipline committee has been established to review and revise Discipline Policies. The board will continue to update and amend the Bylaws and Policies.

Word on the Street:

The scheduling of the 6th-grade camp was discussed.
